WELCOME, dear partners!

Five museums at three locations in Eisleben, Mansfeld and Wittenberg are united under the LutherMuseen umbrella. The exhibitions show historically unique exhibits that bring history to life: in an exciting way and with fun while discovering and learning. Each museum deals with a different aspect of the Reformation and different periods of Martin Luther's life. The museums offer you a wide variety of possible combinations to immerse yourself in the world of the Reformation.

Since 1996 the 'Luther Memorials in Eisleben and Wittenberg', together with the castle and town church in Wittenberg, have been a UNESCO World Heritage Site. They represent a significant period in human history and, as authentic sites of the Reformation, are of exceptionally universal significance according to UNESCO. Additionally they are among the earliest museums in Germany dedicated to a single person.

Making these places accessible to the public and conveying the history of the Reformation in an appealing way is one of the core tasks of the LutherMuseen. This is reflected in our wide range of offers. We see ourselves as a cultural venue, where, in addition to exhibitions, guided tours and educational programmes, special events such as concerts, readings and festivals take place. There is something suitable for every visitor!

Come by and experience world history in our LutherMuseen!

Kindest regards,
Your Dr. Thomas T. Mueller
Chairman and Director

LUTHERMUSEEN

A strong alliance

Why wander into the distance when good things are so close? The LutherMuseen at the three locations in Eisleben, Mansfeld and Wittenberg locations are optimally connected with each other and can be easily reached via a dense motorway network. The Federal road B180 connects Eisleben with Mansfeld in about 20 minutes. It also takes just under 30 minutes to get to Eisleben by regional transport from Halle. Mansfeld is about 126 km and Eisleben about 112 km from Wittenberg, the fastest connection being the Autobahn A9. The airports of Berlin and Leipzig can also easily be reached by ICE from Wittenberg. River cruise ships additionally dock in Lutherstadt Wittenberg on their journey along the Elbe.

OUR MUSEUMS

THE LUTHER HOUSE

Martin Luther the man

The Luther House, a former Augustinian monastery, is the largest museum of Reformation history in the world. It served as the home of the Luther family for over 35 years. Visitors can not only get to know Martin Luther as a scholar and reformer, but also as a family man and husband. Luther's Room, preserved almost in its original condition, is one of the absolute highlights.

WITTENBERG

THE MELANCHTHON HOUSE

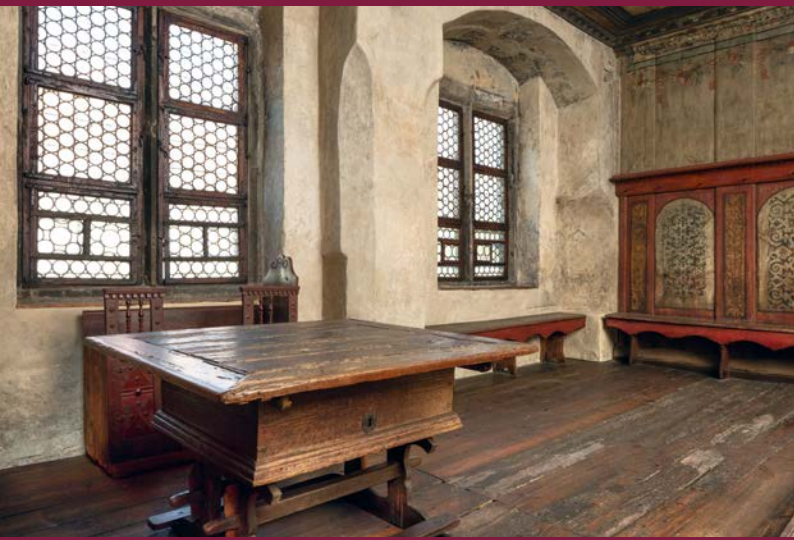

The man who educated Germany

The reformer and humanist Philipp Melanchthon lived and worked with his family in the Melanchthon House, which was built in 1536, thereby being one of the most beautiful town houses in Wittenberg. He was one of Martin Luther's closest companions and developed our education system, which still exists today. The exhibition introduces visitors to the everyday world of the Melanchthon family. The herb garden and Melanchthon's major works and manuscripts are particularly worth seeing.

WITTENBERG

Detailed information about our museums, how to get there and accessibility can be found at www.luthermuseen.de/en

LUTHER'S BIRTH PLACE

Where it all began

Martin Luther was born on November 10th in 1483 in Eisleben. The building is the oldest museum memorial in the German-speaking world dedicated to a person. As early as the 17th century, a museum for Luther pilgrims was set up here. Today, the exhibition provides insights into Martin Luther's family history, as well as into the mining of the Mansfeld region and the close relationship that connected him and his parents with the region.

EISLEBEN

LUTHER'S PARENTS' HOME

In Luther's footsteps

Martin Luther grew up in Mansfeld, where he spent the formative time of school, youth and training. The exhibition focuses on his childhood and the everyday life of the Luder family. With the aid of spectacular archaeological findings, this authentic place is brought back to life.

MANSFELD

LUTHER'S DEATH HOUSE

The end of the road

Martin Luther died on one of his journeys to the Mansfeld region on February 18th in 1546 in Eisleben. Our museum has been a place of remembrance of his death since the 18th century. The stimulating exhibition focuses on Luther's last journey, his handling of death, and shows how the Reformation changed our view of dying in general. The staged historical death rooms are one of the highlights of the museum.

OUR HIGHLIGHTS

2023 – 2025

Literally Luther Facets of a Reformer

SPECIAL EXHIBITION
WITTENBERG | AUGUSTEUM

1st OF DECEMBER 2023 TO 6th OF JANUARY 2025

Whether monk or opponent of the Pope, loving family man, hero bursting with strength or plagued by great misery – Luther had many faces. The exhibition makes these different sides visible and shows Literally Luther in this way. While the Luther House is being renovated in terms of energy efficiency, the special exhibition presents the most important works of art, but also unknown treasures from the collections of the LutherMuseum. This way, it opens up new perspectives on the reformer.

Closure of the Luther House

From November 2023 to April 2025

Due to construction work and the set-up of a new permanent exhibition, the Luther House remains closed. During this time the treasures from the museum will be on display at the neighbouring Augusteum within the 'Literally Luther' exhibition.

Crime Scene 1522

The escape game for the Luther Bible

HANDS-ON EXHIBITION
WITTENBERG | AUGUSTEUM

UNTIL SPRING 2025

An exhibition 'with a difference': In the escape game visitors are allowed to touch everything, have to participate and, above all, solve puzzles! The September Testament, the first printing of Luther's German translation of the bible, is missing from the library. What happened to it? That's what we need to find out! Puzzles have to be discovered and solved in different escape rooms in order to pick the locks on the door and leave the room with the clues to the lost translation. Whoever manages to do this will convict the perpetrator!

Note: The puzzles and tasks are not in English.
